Certificate

Dermatest GmbH confirms hereby that the Product

447 - peppler nitril pure®

was evaluated for skin tolerability by means of epicutaneous testing on 30 subjects with various skin types under the control of dermatological specialists and according to international guidelines.

Study number **ST-ET-2024-00068**

No relevant skin reactions were detected in the test area following a single product application.

Therefore, from a clinical-dermatological point of view, the product was tolerated

„excellently“

and can be declared as **„dermatologically tested“**.

Based on the study design and the confirmed skin tolerability, the Dermatest® guaranty seal can be assigned for use for the test product.

The seal contains the month and year (09/24) of the testing
